Introduction

Angers is very proud to welcome the Greensys congress (International Symposium on advanced technologies and management for innovative greenhouses) in 2019.

The event is co-organised by Agrocampus Ouest (Institute for life, food and horticultural sciences and landscaping), Ctifl (Institute for Applied Research on Fruit and Vegetables) and INRA (French National Institute for Agricultural Research). It takes place every 2 years and the last edition was in Beijing, China.

Angers is internationally renowned for its horticulture growing and research industry. As such, we offer the opportunity for your company to be associated to this event with a sponsorship or exhibition room. The symposium will bring together scientists, university lecturers and professors, labs and professionals of the greenhouse and horticultural industry. You will find more information on the dedicated website: <https://www.greensys2019.org/>. The symposium is organized under the aegis of ISHS, the International Society of Horticultural Science, and will be held in the brand-new Convention Center of Angers. Topics such as greenhouse systems and design, climate control, lighting technology, covering materials, crop modelling and management, energy, fertigation, sensors, automation and robotics, etc will be treated.

Please see below the offers that you can avail of. Please note that all fares are before VAT (20%).

The conveners,

Pierre-Emmanuel BOURNET, Agrocampus Ouest

Eric BRAJEUL, Ctifl

Hicham FATNASSI, INRA
